

# Birthday Timeline Rubric

You will use the following link for information:  
[www.history.com/this-day-in-history](http://www.history.com/this-day-in-history)

At the top below today's date click "View Calendar". Scroll through the calendar to find your birthday and click on it. The page that loads will have several events that happened on that day throughout history. The events are on the left hand side. You can click on the link of the event and it will give you information about that event.

Read enough so you can write a paragraph describing what happened.

**See my website for an example of what it should look like.**

See below for your requirements for the assignment. **Read them ALL before you begin your assignment so you know what you need to do.**

## Requirements:

- At least 7 events on your timeline (6 events from History.com + your birthday)
- It needs to be in chronological order (earliest to most recent)
- Title: "Timeline of (Birth date)" with your name underneath
- Fun Fonts and Colors
- Find 2 people that share the same birthday as you and include a picture of them
- Pictures from the Internet (one for every event except your b-day, unless you have one that you want to use) – don't forget to use tight text wrapping so your pictures will fit. Click on the picture once inserted and go to the Pink FORMAT tab. You'll see a button for Text Wrapping.
- For each date you need to summarize what happened in your own words. DO NOT PLAGERIZE!!!! It needs to be at least a paragraph about what happened.
- It should fit on one page. If you need to change the margins to "narrow" you can.

Save As: "Period\_Lastname\_Firstname\_Birthday"

Drop it to my website
