

# A COLLAGE ABOUT ME

Name: \_\_\_\_\_ Class Period: \_\_\_\_\_

## **DIRECTIONS:**

1. Create a collage to represent your top 5 values, 2 SMART goals, 5 needs, and 5 wants, and 2 things that currently influence your financial behaviors.
2. The collage should be on an 8X10 regular piece of paper; no bigger, no smaller. It can be made from things like: magazines, photographs, pictures, articles, writing, poems, stories, quotes, drawings, cartoons, or any other descriptive items.
3. The collage **MUST** include the following elements represented in some form. They do not have to be specifically described in written words because it will be described in the presentation or essay.

- a) Full name
- b) Top 5 values
- c) A personal financial SMART goal.
- d) A second personal SMART goal.
- e) 5 wants
- f) 5 needs
- g) 2 things influencing your financial behavior

One must be a SHORT TERM goal, one must be a LONG TERM goal.

4. With your collage you must either write an essay OR present the collage to the class. This is where you will be assessed on your knowledge of the learned material. You will explain each element listed above on your collage and analyze how these things influence your financial behavior.
  - For the presentation, 5-6 minutes will be given to show and describe the collage.
  - For the essay, describe each of the required elements and state where they are shown on the collage. You will hand this in with your collage and not present it to the class. It must be at least 2 pages, double spaced, maximum 12 point font.
5. Grading will be based upon the following rubrics:
  - Collage – Employability Skills Productivity, Effort, and Timeliness.
    - **PRODUCTIVITY:** When time is given in class you are working 100% +1 on your assignment. You are actively productive on completing the task.
    - **EFFORT:** I can tell by the quality of your collage that you put your best effort in to making it AWESOME.
    - **TIMELINESS:** Your assignment is turned in on the designated due date.
  - Presentation OR Essay – This is your final assessment for our first two standards:

***“I can analyze the role of cultural, social, and emotional influences on financial behavior.”***

***“I can develop short and long term SMART financial goals”***
