

## End of the Semester Survey

Use the prompts below to write me a 1-2 page (double space) critique/response. This reflection is to assist you as a learner in becoming aware of your own learning experience as well as assisting me in becoming the best teacher I can be. This will assist me in getting feedback on my teaching style, content focus, and any other areas you believe would help be become the BEST! Please keep in mind I would like to know what you think about this class and my teaching this semester. Your ideas and feelings are really important to me. I will use this information to make my class better next semester. It is really important that you are honest as possible. Please don't leave one word answers. One word answers will yield only partial credit. Give me explanations to reflect on.
